Selling 'La Boheme'

Yesterday, "La Boheme" premiered at the Broadway Theatre in New York. The first opera ever to be presented on Broadway, it is produced by Baz Luhrmann with artistic direction by Catherine Martin—the same visionary team that created the movie "Moulin Rouge."

In conjunction with the opening, Montblanc stores around the country, including the one in Ala Moana Center, will feature "La Boheme" windows and products, combining fashion and function. The Montblanc La Boheme pen collection and La Vie de Boheme leather collection are a bit more youthful and bohemian than the company's more conservative lines.
