# The Scene

## Music unites

As an appetizer to the First Annual Electronic Music Expo, the Wave hosts one of the nation's most in-demand DJs and producers, the legendary DJ Dan. *URB Magazine* went so far as to name him the most "beloved" DJ in the country. Regardless of whether or not he is

DJ Dan

that well adored in periodicals, this breakbeat pioneer will be in town for the CD release party (in stores Sept. 23) for his latest product, *Mixed Live: Ruby Skye, San Francisco* from Moonshine Records. Also on the venue's roster are Trek, Daniel J, G-Spot, IKON, Scotty Soul, Sovern-T and KSM.

As mentioned earlier, this all happens before the First Annual Electronic Music Expo. EME Hawai'i is the

Pacific Rim's largest music sharing area will assemble all the hip and happening DJs, producers, labels and promoters to advance the international electronic music scene. Think of it like a much louder toothpaste convention, except everyone will be wearing backpacks and newspaper-boy caps.
